23/037	PUBLIC PARTICIPATION	
	Resident of Garden Walk present to request support from the Parish Council to assist with establishing a working relationship with Cambridgeshire County Council with the aim of improving the flooding situation for properties of Garden Walk. County Officers and Cllr Payne have visited the property, but dialogue has now stalled. Aspirations of residents is for the site to be connected to the existing land drainage network and Anglia Water to connect the properties to the main water provision rather than septic tanks. Councillors present expressed support and noted the Clerk would write to the CEO of the County Council to request clarification of the current position and any works programmed to alleviate the problem. County Councillor Hathorn did note she was unable to speak on the matter noting a legal proceeding is underway.	Clerk

Wellbeing, Recreation & Leisure. Cllr Hobbs provided verbal update from workshop held 3rd July 2023 including the role of a potential Young Persons Development and Sports Co-Ordinator. Draft paper detailing duties and responsibilities provided to all to assist with discussion. Cllr Hobbs noted the spectrum of anti-social behaviour taking place at the Recreation Ground and noted this role would not solve the issue of criminal damage currently taking place, but it would give the opportunity for the Council to engage and gain an understanding of what to provide for young people of the villages and to build a programme of activities from the feedback. Cllr Murray noted the need for Employment to review staffing needs and the impact on the staff team should the Council decide to employ rather than engage. Cllr Stonham, Finance Chair noted the proposed salary mentioned at the meeting could result in an estimated precept increase of 8.9% (equating to roughly £11 per band D household). In depth review to be undertaken by Finance Committee. Cllr Davies advised Council to be cautious of creating roles and spend to date noting commitments from Council regarding the Recreation Development and Pump Track. Creation of this role could result in a Council annual spend of £60k on Youth provision. Cllr Uttridge, having witnessed the ASB first hand, noted this will not solve the ASB issue on site but supported Council reviewing the youth provision.  Cllr Smith identified the review of Youth provision is key to this role and should be emphasised within the documentation.  Cllr Davies requested further feedback is required and to be considered, to ensure work of existing providers is not being duplicated.  Cllr Leonard requested consideration into engaging rather than employing person to ensure cover and support from a larger organisation with the expertise and contacts to ensure continuity of the role.  Cllr Stonham suggested the review of Youth provision can be undertaken at any time by a contracted service and perhaps should tak
